October 12, 2015

To the Board of Managers  
Chevy Chase Village, Maryland

We have audited the financial statements of the governmental activities and each major fund of Chevy Chase Village (the "Village") for the year ended June 30, 2015, and have issued our report thereon dated October 12, 2015. Professional standards require that we provide you with the following information related to our audit.

## Our Responsibility under U. S. Generally Accepted Auditing Standards

As stated in our engagement letter dated March 31, 2015, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U. S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we considered the internal control of the Village. Such consideration was solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed test of the Village's compliance with certain provisions of laws, regulations, contracts and grants. However, the objective of our test was not to provide an opinion on compliance with such provisions.

## Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters.

## Significant Audit Findings

### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Village are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2015 except as may be explained in Note 1 to the financial statements. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

### *Difficulties Encountered in Performing the Audit*

There were no difficulties encountered during the audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The Village maintains its books on a cash basis of accounting. At year end, we proposed adjusting journal entries to convert the Village's books to generally accepted accounting principles for governmental entities (accrual and modified accrual). Management has made the following adjustments pertaining to converting the books to GAAP.

- Fixed assets, depreciation expense and related accumulated depreciation
- Accrued salaries
- Accounts receivable
- Accounts payable

### *Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that is included in the management representation letter dated October 12, 2015.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationships and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Managers and the Village Manager and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
